Family environment and alternative care (arts. 5, 9-11, 18 (1) and (2), 20-21, 25 and 27 (4))</p> <p>Children deprived of a family environment</p> <p>41. The Committee takes note of the State party’s efforts in promoting family-type foster care for children deprived of a family environment. It is, however, concerned at the difficulties of recruiting foster parents for short-term and emergency placements, as well as for children with disabilities and those over the age of 10 years, resulting in the placement of children in institutions.</p> <p>42. Drawing the State party’s attention to the Guidelines for the Alternative Care of Children (see General Assembly resolution 64/142, annex), the Committee reiterates its previous recommendation that the State party:</p>

		<p>(a) Strengthen its promotion and support for family-type alternative care for all children deprived of parental care without discrimination, and prioritise family type care over institutional care;</p> <p>(b) Ensure that adequate human, technical and financial resources are allocated to alternative care centres and relevant child protection services, as well as medical, psychological and educational services, in order to facilitate to the greatest extent possible the rehabilitation and social reintegration of children resident therein.</p> <p>Adoption</p> <p>43. The Committee is concerned that the State party only practises closed adoption and therefore the adopted child does not have the right to know his or her biological parents.</p> <p>44. The Committee recommends that the State party ensure that its legislation guarantees the right of the adopted child to know his or her origins and biological parents.</p>
