

### TANZANIA

In order to create a world where every child, adolescent and young person is safe, protected and thriving, we must first know the facts.

In Tanzania, both girls and boys experience unacceptably high rates of sexual and physical violence

Percentage of females and males who experienced sexual or physical violence prior to age 18

The Government of Tanzania launched the VIOLENCE AGAINST CHILDREN SURVEY REPORT in 2011 with support from CDC, PEPFAR, UNICEF and other partners.

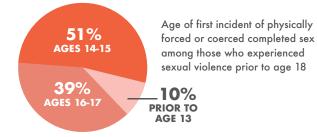

For many youth, the first experience of sexual intercourse is physically forced or coerced

(among those who had sexual intercourse before age 18)

Girls face particularly high risks of sexual violence, often with devastating consequences

## 31% of girls who experienced physically forced or coerced sex before age 18 became pregnant

### Sexual violence is linked to negative health outcomes

All data among 18-24 year olds

## Perpetrators of sexual violence are often someone known to the child or adolescent

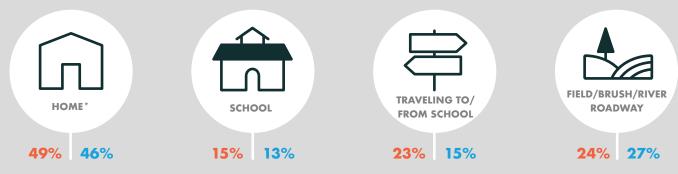

Most common perpetrators of first incident of sexual violence as reported by females and males, 13 to 24, who experienced sexual violence prior to age 18

<sup>\*</sup>Intimate partner is defined as spouse, boyfriend, girlfriend or romantic partner

### Sexual violence often occurs in familiar locations

Location of first incident of sexual violence experienced by females and males prior to age 18, as reported by 13-24 year olds who experienced childhood sexual violence.

<sup>\*</sup>Respondent's and/or perpetrator's home

# Girls and boys who experience sexual violence are not getting the support and services they need Females and males who told someone, sought and/or received services for sexual violence, as reported by 13-24 year olds who experienced sexual violence prior to age 18 22% SOUGHT SERVICES 12% \*\* Too few survey responses

The Violence Against Children Surveys are nationally representative household surveys led by national governments, with technical support from the Centers for Disease Control and Prevention (CDC) as part of the Together for Girls partnership.
