INSPIRE: SEVEN STRATEGIES FOR ENDING VIOLENCE AGAINST CHILDREN

“IMPLEMENTATION AND ENFORCEMENT OF LAWS”

Register now for this Zoom webinar <https://bit.ly/2XevRkv>

Rationale, aims and target audience

Violence affects up to 1 in 2 children every year, with devastating acute and long-term consequences. Yet, we know that violence can be prevented, we have the tools to do so, and SDG Target 16.2 calls for ending violence against children.

The *INSPIRE: Seven strategies for ending violence against children* technical package is a collection of evidence-based recommendations on how to prevent and respond to violence against children, including Implementation and enforcement laws; Norms and values; Safe environments; Parent and caregiver support; Income and economic strengthening; Response and support services; and Education and life skills (see <https://www.who.int/teams/social-determinants-of-health/violence-prevention/inspire-technical-package>).

To assist governments, civil society and faith-based organizations in their efforts to reduce violence against children, the INSPIRE core agencies and INSPIRE Working Group are initiating this series of eight training webinars over the course of six months. The aims are to:

- Introduce INSPIRE to those who need to know and act on it,
- Support those who already work with INSPIRE in their efforts to scale it up, and
- Give all INSPIRE stakeholders an opportunity to get detailed insights into each of the seven strategies and the cross-cutting elements.

The target audience includes policy-makers and legislators, planners and technical staff, practitioners and implementers, faith-based and traditional leaders, civil society organizations, funders, advocates, and any other interested stakeholders.
